

EMMAUS COLLEGE
ROCKHAMPTON

Dear Parents and Carers of Year Ten students,

Throughout Term One, the Year Ten students will be involved in a pastoral program about internet safety and their digital reputation. As a part of this program, during a scheduled MPL lesson, the cohort will be gathering together for a presentation about cybersafety.

This presentation will include the viewing of a video called, 'Cyberbully' which was recently broadcast on the ABC. Told through webcam and screen activity, it is the story of a teenage girl who is targeted by an unseen cyber-stalker and plunges into a nightmarish scenario of control, deceit and retribution.

This video is rated M as it contains some strong language and themes. Therefore we are seeking permission for your child to watch this informative film.

If you do not wish your child to view this film or would like to discuss the content further, please contact Alison King, the Head of Year Ten, via email or phone.

Kind regards,

Alison King
Head of Year Ten
